JUST COMPARE

EDUCATIONAL & OFFICE SUPPLY

MARCH CHAMBER COFFEE HOST

JC Educational and Office Supply, located at 909 E. Wood Street, is a locally owned business specializing in products for business and schools.

Originally starting up in 1995 as JC Educational Supply, in 2012 owner Dan Jackson danjackson@jceducational.com opened the "Professional Office Furniture for Less" showroom. This gave local customers the opportunity to try it before you buy it.

"What sense does it make," asks Jackson, "to order an office chair from the internet or a catalog?"

The answer is very little sense, unless you enjoy taking the risk on its comfort and quality. An office chair is one of your most important office tools. You sit in it every day. You should not feel exhausted because you have a chair that doesn't fit you.

"In the showroom," says Jackson, "we routinely stock thirty plus chairs to give you the best fit possible!"

In 2013, they added the Office Supply to the name as they added Lisa Miles, sales@jceducational.com to the sales team. Lisa is very familiar with small business as her husband Timmy and son Kevin own Miles Construction. She calls on business, government and school accounts in three counties but concentrates her efforts on Paris and Henry County.

"We do a great business in toner cartridges," says Miles, "We carry all brands and are an authorized dealer for HP."

"JC Educational and Office Supply, though local and small can compete with any retailer in the country," says Jackson. "The toughest thing is when local customers refuse to give us a chance."

"I can't tell you how many people," Jackson continued, "take their business and therefore your tax dollars, out of town and out of state, when we can be just as competitive and give personal service! I know it's easy to get used to the internet, but a text, email or even an antiquated phone call to us can be a lot easier than searching the internet for the exact product you need!"

Monday through Friday, Amy Jones, amy@jceducational.com wife of Leland, and mom of four very active Jones' children, answers the aforementioned antiquated phone among various other duties.

Jones gave an example of a recent customer who called and said, "I need that thing that goes in your file cabinet, so that we can hang files in it."

Try Google searching that! With JC Educational and Office Supply you don't have to!

The JC stands for Just Compare! Compare our pricing, our products and our personal service. They are unmatched in Paris and Henry County!

Please join us at JC Educational and Office Supply on Tuesday, March 25th at 8 am for the Chamber Coffee.
